

June 17, 2020

The following letter is an announcement from the Diocese of Fairbanks Safe Environment Coordinator, Alicia Menard. This is of interest for those teaching religious education classes or parents with family at home. Please take a moment to read and follow instructions. If you have input, please contact Alicia at (907) 374-9553 or email her: amenard@cbna.org. Thank you, Mary Pat Boger, St. Mark Parish Administrator

Good afternoon,

I hope everyone is enjoying their summer and staying safe. I wanted to let you know of a generous offer made by the company we have partnered with to help facilitate our policies. Safe and Sacred is adding an at-home training program for parents to use with their children which covers many of the safety rules we encourage. I know it has been a challenge to facilitate any sort of training since the pandemic. Please provide the website, <https://safeandsacred-fairbanks.org/> in your bulletins and websites so families have access to this important information. For your information this is what parents will encounter:

We have a separate login for parents only on the login page. When they use this login they will be brought to a page where they can only access the @Home program. The only information we collect is their name and email address. It looks like this:

Is this your first time here?

If you are an **EMPLOYEE** or **VOLUNTEER** for the Diocese of Great Falls-Billings or one of its associated churches or schools and have been asked to complete safe environment training and are new to this site, please click the button below to create a training account.

Create new account

If you are a **PARENT** looking for the @ HOME Children's Learning Program only, please click below to register.

@ Home Children's Learning Program

The training is broken into lessons by grade. This might not be for everyone, but I feel any extra resources are worth offering for those who might use it. Thank you for your efforts.
